Tumors of the head and neck afflict nearly forty thousand people annually and account for approximately five percent of all cancers. Whether you're a newly diagnosed head and neck cancer patient, a survivor, or friend or relative of either, this book offers help. The only text to provide the doctor's and patient's views, 100 Questions & Answers About Head and Neck Cancer gives you authoritative, practical answers to your questions about treatment options, post-treatment quality of life, sources of support, and much more. This is an invaluable resource for anyone coping with the physical and emotional turmoil of head and neck cancer.

The relationship between a head of government (head of the executive branch) and a nation's parliament or legislative assembly (the legislative branch) has long been the focus for comment and analysis - for example, has the prime minister in the United Kingdom come to a position of dominance at the expense of the power of parliament? Does the American president stand head and shoulders above Congress? Is a French president master of the system? Need the Russian president pay attention to the Duma? What of the position in other parliamentary and presidential systems? In this book, Baldwin seeks to provide answers, and does so by drawing upon the knowledge and expertise of an international group of scholars whose essays advance our knowledge of the subject. This book was previously published as a special issue of the Journal of Legislative Studies.
