A unique, entertaining and honest review of the world's best golf courses by world renowned golf architect Tom Doak

A key book for the golfer's library, exploring the intricacies of golf architecture--and how this knowledge can improve your golf game.

"This book is an unprecedented view of how one of our era's best architects thinks about his craft, his peers and his business. It reads like a long conversation about a craft he has loved, studied, and honed for nearly 40 years - golf course architecture."--Back cover.

Considering the fact that he was one of the greatest golf course architects in the history of the game, Dr. Alister MacKenzie has long been something of a puzzle--if not a mystery. He liked to wear kilts, but he wasn't a Scotsman. He graduated from medical school, but he never made a living at it. He designed spectacular courses, but he was not a good golfer. At the height of his career he was one of the most sought after designers in the world, but he was nearly broke when he died. The Life and Work of Dr. Alister MacKenzie by Tom Doak, James S. Scott and Raymond M Haddock, uses detailed text, color photos and vintage maps, drawings and pictures to bring together many pieces of the puzzle. Questions about his boyhood, his military service, his many design trips in various parts of the world, and what made him so good at his craft, are all answered. Golfers, golf historians, and students of golf course architecture will find this book to be among their favorites. And, why wouldn't they with Augusta National, Cypress Point, Royal Melbourne, Crystal Downs, Lahinch, and Pasatiempo among his magnificent works? The Life and Work of Dr. Alister MacKenzie is a cherished biography on one of golf's most eccentric, interesting, brilliant and colorful characters.

This is the comprehensive guide to over 1,200 golf courses, assembled in a concise, witty and refreshingly entertaining style. With 180 stunning color photographs, this book contains the finest collection of worldwide photography ever published. The definitive guide for golfers who seek a game anywhere in the world.
