of seventeenth-century drama, not only do these interludes shed important light on the technical and literary development of Shakespearean theatre, but many are also works of considerable theatrical or cultural interest in themselves. This accessible reference guide provides an entry for each of the extant interludes and fragments (c.100) typically containing an account of early editions or manuscripts; authorship and sources; modern editions; plot summary and dramatis personae; list of social issues present in the plays; verbal and dramaturgical features;

Adult education occurs whenever individuals engage in sustained, systematic learning in order to affect changes in their attitudes, knowledge, skills, or belief systems. Learning, instruction, and developmental processes are the primary foci of educational psychology research and theorizing, but educational psychologists' work in these domains has centered primarily on the childhood and adolescent school years. More recently, however, a number of educational psychologists have studied learning and development in adulthood. The results of these efforts

have resulted in what is now called adult educational psychology. The purpose of this volume is to introduce this new subfield within educational psychology. Section 1 focuses on the interplay between learning and development in adulthood, how various forms of instruction lead to different learning outcomes for adults, description of the diverse social contexts in which adult learning takes place, and the development of metacognitive knowledge across the life span. Section 2 describes both research and theory pertaining to adult intellectual functioning,

thinking, and problem-solving skills within various contexts. Section 3 describes research in a variety of adult learning domains; discusses the cognitive and behavioral dimensions of reading in adulthood and the applications of reading in real-life circumstances; examines an educational intervention developed to promote forgiveness; and relates the outcomes of an intervention designed to educate parents about their children's mathematics learning. Section 4 summarizes the themes and issues running throughout this, the first book that
