*The Axe and the Throne (Bounds of Redemption Book 1) eBook ...*

The Axe and the Throne is the first book in the Bounds of Redemption series. This book tells the story of Tallos, a man on a mission and the challenges he encounters on his voyage north. Tallos's friend's sons have been captured by the Northmen. If history is anything to go by, Tallos is sure that his friend's sons are already dead.

In the A Song of Ice and Fire novels, the Axe is a mountainous headland, an extension of the hills and mountains to the south. Norvos maintains mines in this area. Ores are taken by land down to the Darkwash River and thence to Norvos and Qohor. According to legend, the Andals inhabited the Axe before they migrated further west to Andalos. However, the Axe has changed hands and been recolonized so many times in its history that this is impossible to verify.

M.D. Ireman and 2 other people liked Billy Oliver's review of The Axe and the Throne (Bounds of Redemption, #1): "Best book I've read in a long time If you're a fan of Martin you'll definitely enjoy this book. Like in song of ice and fire there are quite a few characters to follow and none are black and white in terms of character.

The Axe and the Throne One of the best reads I've found in a long time. I can't wait for the next book! Tabitha1221 , 12/11/2015. Brilliant From the engrossing POV shifts to the masterfully written battle scenes the author's detail oriented storytelling weaves a most beautiful tapestry. Just finishing this book I am left with pangs of nostalgia ...

Blending the best of both complicated and reasonably (if not fast) paced fantasy, M. D. Ireman's The Axe and the Throne is an absolute killer that everyone needs in their collection. It is the start of Ireman's first series, Bounds of Redemption, which has the potential to move even higher on the list if future books continue to impress.

*Best Epic Fantasy | The Axe and the Throne*

Book 1: The Axe and the Throne Book 2: Tides of the Realm Book 3: Title Pending "I've read this book twice now, and I have to say, the second read was eye opening. It is brilliant. There is so much depth, both in the characters and in the plot, full of hidden gems and woven with mastery, that it begins to get into A Song of Ice and Fire territory.

Axe and Throne here trades it's point of view characters left and right. You'll have a chapter about Cassen then about Cassens servant girl then the best friend of the girl. All to continue 1 narrative but with random skips of time between them. It's awfully annoying.

*The Axe and the Throne Audiobook | M. D. Ireman | Audible ...*

"The Axe and the Throne" was well worth the price of admission regardless of whether the series sees itself to completion. Although I was pleasantly satisfied with its conclusion, I would gladly enjoy another romp into its harshly terrifying yet beautiful world. Read more. 3 people found this helpful.
